## **Idea description**

Title:	Free care and space for entrepreneurs` kids after school time
Idea objective	The aim of the initiative it is arrange space for children after school through to creation resumes direct teaching and operation in the times there are limits in activities for children.  The main idea is to support entrepreneurs and families so as to allow to have more time to devote to work knowing that their children are care and there are in good hands after school spending time in activities organised by public institution.  The ABC - Leisure Centre that was the organiser of the after school lectures has implemented links and contacts with other public institution in the City in order to organize the playground for children – sport institution, art, other. The range of the offer was regularly developed, starting from simple art, through simple sport activities and suburban camp with interesting activities, till much more advanced sports events, Centre prepares, for example, a cycling completion for kindergartens, a children 'soccer league, children 's sports Olympic, a floorball and mixed volleyball for schools.  The idea was implemented during COVID-19 times, when the educational activities afterschool was partly of completely forbidden. The Centre way open in regular way and participation in activities required registration online.
